MR. ARMANDO B. GONZALES
President
Kayumanggi Technologies and Systems Inc.
Email: ktsi_gencon@yahoo.com.ph

Dear Mr. Gonzales:

We write in response to your letter requesting for the exemption of your **recessed LED luminaires (LED downlight)** and **double-capped led lamps (LED tubes)** from the BPS Mandatory Product Certification Schemes.

Please be informed that the aforementioned products are not included in the BPS' List of Products under Mandatory Certification. Thus, an application for a Philippine Standard (PS) Quality and/or Safety Certification Mark License or Import Commodity Clearance (ICC) is not required prior to selling or distribution.

They should however conform to the provisions of Republic Act 7394 also known as the Consumer Act of the Philippines. The Act's Article 10 on Injurious, Dangerous and Unsafe Products; Article 18 on Substandard and Unsafe Products; and, TITLE III on the Protection Against Deceptive, Unfair and Unconscionable Sales Acts or Practices, require manufacturers, importers and distributors to comply with safety and quality standard, labelling and packaging requirements and warranties before products can be sold in the local market.

Please be guided accordingly.

Sincerely,

NEIL P. CATAJAY
Director
